

Accredited Service Provider (ASP)

Level 2 Pathways

COURSE OVERVIEW

The ASP Level 2 Training Course is designed for qualified electrical and Electrical Supply Industry (ESI) workers seeking to gain the formal training required to perform contestable electrical network works under the NSW Accredited Service Provider (ASP) Scheme.

This course delivers nationally recognised units of competency aligned to ASP Level 2 classes (2A, 2B, 2C and/or 2D), depending on the pathway selected. Training focuses on developing the technical knowledge, practical skills, and safety awareness required to work on or near the electricity distribution network in accordance with current legislation, industry standards, and network operator requirements.

Training is delivered by experienced industry professionals with current, practical knowledge of the NSW ASP Scheme and electricity supply industry expectations.

Important Notice: Completion of this course does not automatically grant ASP accreditation. Accreditation and authorisation are managed separately under the NSW ASP Scheme Rules and relevant legislation.

STRUCTURE & DURATION

- Blended delivery model (theory + practical)
- Structured classroom-based learning
- Hands-on practical training
- Assessment through theory questions and practical demonstrations
- Delivery schedules may vary depending on selected ASP Level 2 class pathway

Pre-requisite Units + White Card + Mandatory Units - (Class 2A Duration): 3 full days

Class 2B Duration: 3 full days

Class 2C Duration + OH Services Mandatory Refresher Training Duration: 5 full days

Class 2D Duration: 3 full days

Course Entry Requirements:

To enrol in the ASP Level 2 course, applicants must meet one of the following:

- Hold a current unrestricted electrical licence (Electrician) issued in Australia;
OR
- Hold one of the following nationally recognised qualifications:
 - UEE30820 Certificate III in Electrotechnology Electrician
 - UET30821 Certificate III in ESI – Power Systems – Distribution Cable Jointing
 - UET30621 Certificate III in ESI Distribution – Overhead

Additional Requirements:

- Adequate Language, Literacy and Numeracy (LLN) skills
- Adequate digital literacy skills
- Ability to safely participate in practical training and assessments

Final eligibility for ASP accreditation is determined by the NSW Government and relevant electricity network operators.

COURSE OUTCOMES

On successful completion of the ASP Level 2 training, participants will:

- Receive a Statement of Attainment for the relevant ASP Level 2 units completed
- Satisfy the formal training requirement under the NSW ASP Scheme Rules for the applicable Level 2 class/es
- Gain the knowledge and skills to safely perform contestable electrical network works within the trained scope
- Be eligible to use this training as supporting evidence when applying for ASP Level 2 accreditation (subject to meeting all additional requirements)

PRE-REQUISITE UNITS: 1 FULL DAY

- UETDREL001 – Apply environmental requirements
- UETDREL004 – Operate plant and equipment in the vicinity of live electrical apparatus
- UETDREL005 – Work safely in the vicinity of live electrical apparatus

WHITE CARD: 1 FULL DAY

- CPCWHS1001 – Prepare to work safely in the construction industry

MANDATORY UNITS (ALL CLASSES)

Required by all NSW Network Distributors (Ausgrid, Endeavour Energy & Essential Energy):

- HLTAID009 – Provide cardiopulmonary resuscitation
- UETDRMP018 – Perform rescue from a live low voltage panel
- UETDRMP010 – Provide first aid in an ESI environment
- UETDRMP011 – Testing of connections to low voltage electricity networks

Class 2A – Disconnect & Reconnect at the Point of Connection

Units of Competency

Included in previous training (UETDREL005 + UETDRMP011)

Class 2B – Underground Service Installation: 3 FULL DAYS

Units of Competency

UETDRIS011 – Install and maintain low voltage underground services

**ELECTRICAL
TRADES
COLLEGE**

Class 2C – Overhead Service Installation including OH Services Mandatory Refresher Training: 5 FULL DAYS

Units of Competency

UETDRIS010 – Install and maintain low voltage overhead services

OH Services Mandatory Refresher Training: 1 FULL DAY

Units of Competency

UETDRMP017 – Perform pole top rescue

UETDRMP015 – Perform Elevated Work Platform controlled descent escape

UETDRMP016 – Perform Elevated Work Platform rescue

Class 2D – Energising Service Equipment: 3 FULL DAYS

Units of Competency

UEERE0001 – Apply environmentally and sustainable energy procedures in the energy sector

UETDRIS014 – Install and replace energy meters and associated equipment

Note: If UEEL0078 has been achieved, the following units will be required to be undertaken:

- UETDREL005 – Work safely in the vicinity of live electrical apparatus
- UEERE0001 – Apply environmentally and sustainable energy procedures in the energy sector
- UETDRMP011 – Testing of connections to low voltage electricity networks

Note: Class 2D does NOT authorise ASPs to install meters. Refer to NSW ASP Scheme FAQs for clarification.

CAREER & INDUSTRY PATHWAYS

Successful completion of this course may support:

- Application for **ASP Level 2 accreditation** (2A, 2B, 2C and/or 2D)
- Employment and upskilling opportunities within the **Electrical Supply Industry**
- Work involving underground services, overhead services, substations, and energising service equipment
- Progression to additional ASP Level 2 classes through further training

Course Fees

ASP Level 2 Pathways – Full course fee: \$6690

- Enrolment Course Deposit: **\$700**
- Pre-requisite Units + White Card + Mandatory Units - (Class 2A): **\$1,040** (3 days)
- Class 2B: **\$1350** (3 days)
- Class 2C + OH Services Mandatory Refresher Training: **\$2250** (5 days)
- Class 2D: **\$1350** (3 days)

ASP Annual Refresher Training Course Fee: \$900

- Mandatory Units + OH Services Mandatory Refresher Training: **\$900**

Payment Terms

Full course:

Payment 1: Enrolment Course Deposit	\$700
Weekly Instalment 1	\$1497.50
Weekly Instalment 2	\$1497.50
Weekly Instalment 3	\$1497.50
Weekly Instalment 4	\$1497.50

ASP Annual Refresher Training:

Full prepaid payment	\$900
